CITY COUNCIL IN PROTEST AGAINST COLONY PATIENTS

Desire That Feeble-Minded Be Kept on Colony Farm.

The members of the city council last evening discussed lengthily the conditions at the Dixon state hospital, following the registration of an endless number of complaints with practically every member of the council against epileptics, and feeble minded persons being permitted to roam about the city unattended. Within the last ten days two of the patients from the institution have come to public attention, one dying from wounds received when he threw himself in the pathway of an automobile, and the second who was near death through drowning when a canoe which he had stolen and in which he believed he was making his escape from the institution, shot over the power dam and the patient was rescued.

Women have complained of being interrupted by patients walking into their homes at all hours of the day and the police and county officials have answered calls at any hour of the day and night to take up patients, who were roaming about. All of these matters were considered by the members of the council last evening and it was the unanimous opinion that something should be done at once to prevent some deed of violence being committed, which would be regretted by the community at large. The patients' condition was considered and all are to be pitied.

May Go to Governor

At the culmination of the discussion, it was decided to take the matter up with the superintendent of the institution, Dr. H. B. Carriel at once. Mayor Smith stated this morning that such action would be taken by the city immediately and if satisfactory reply is not received, that the council will proceed with the matter taking it up with Governor Frank O. Lowden.

An ordinance establishing the curfew lines on Jackson avenue, Eighth and Ninth St. was passed and the application of Al Bates for permission to operate a pool and billiard room in the basement of the Rodesch building at 94 Galena avenue, was read and granted. M. E. Rice of the Nachusa Tavern has discontinued the pool and billiard room in the hotel for the guests, this license being granted to the new applicant.

The report of Commissioner John J. Powell on the final settlement of the Oakwood cemetery affairs was received and approved by the council, who in turn tendered a vote of thanks to both the commissioner and Miss Powell for their work.

STOCKS TUMBLE IN LAST HOUR ON N. Y. MARKET

By Associated Press Leased Wire
New York, Nov. 12.—The stock market became completely demoralized in the last hour today when call money rose to 30 per cent, the highest rate since the panic of 1907. Overnight losses of 10 to 25 points were scattered through the list and General Motors showed a decline of 65 points.

Brokers reported it was almost impossible to borrow money at any price and as a result stocks were thrown overboard for whatever they would bring. Rails held up fairly well but they had not shared in the rapid advance of industrials during the year.

There were feeble rallies later when call loans fell to 25 per cent, but the tone at the close was extremely weak. Sales were estimated at 2,300,000 shares, a record for the year.

By Associated Press Leased Wire
New York, Nov. 12.—Liquidation of stocks was resumed at the opening of today's session but declines were orderly in contrast to yesterday's demoralized close.

Measures taken by local financial interests, supplemented by the federal reserve board, were effective in stabilizing general market conditions.

Another drop of 1 to 4 points marked the first sales of steels, motors, oils and several other industrials and specialties which featured yesterday's more severe recessions.

Ex-Soldiers Wreck Communist Quarters

By Associated Press Leased Wire
Oakland, Cal., Nov. 12.—A note warning radicals and anti-American propaganda against continuing their activity in Oakland was found today in the debris of the Communist Labor Party's office, wrecked last night by former service men. The office furniture, literature and a red flag were thrown from the building and burned in the street.

ELKS HAD GREATEST TIME LAST EVENING

About 300 members of the Dixon Lodge of Elks enjoyed one of the finest banquets and entertainments at the club last evening that has been arranged since the lodge occupied their present quarters. The occasion was a double one, serving as a celebration of Armistice day and as a reception to all members of the lodge who had served in the late world war.

One table was arranged especially for the soldier members, 33 of whom were present and the house committee with the assistance of a special committee served the banquet. Following the supper, short talks were made by Exalted Ruler Charles E. Miller, Past Exalted Ruler John P. Devine and by Col. W. B. Brinton and some of the soldiers also gave short talks. The party then adjourned to the meeting hall where an athletic exhibition was greatly enjoyed by all. The remainder of the evening was spent in a social way with cards as the main diversion.

Illinois: Fair tonight and Thursday; much colder tonight with cold wave.

COLD WAVE HITS DIXON.

The cold wave which swept down on to Dixon and vicinity from the north-west during the early morning hours caused a drop of 27 degrees in the thermometer readings, and gave this community its first decided freezing weather of the season. At 6 o'clock last night maximum thermometer at the home of Observer J. B. Lennon for the preceding twenty-four hours was 46. At 1 o'clock this afternoon it had reached a minimum of 19 degrees—13 degrees below freezing.

NO VIOLATION OF ORDINANCES BY SALES BARN

Magistrate Sheller Says E. J. Countryman "Not Guilty."

The Rock River Valley Breeders Sales company was late yesterday afternoon acquitted of any violation of the city ordinances in the maintenance of its sales pavilion on Depot Ave., when Police Magistrate Harold S. Sheller found Elmer J. Countryman, treasurer of the company, not guilty of the charges preferred against him by the City of Dixon on complaint of Mr. Emma H. Zoeller, owner of residence property near the company's sales headquarters.

The prosecution, which was conducted by City Attorney Robert H. Scott, charged violation of Section 157 of the Revised Ordinances of the City of Dixon said section being:

Keeping of Pigs Prohibited.—It shall be unlawful for any person within said City of Dixon to keep any hog, pig or goat in any pen, sty or other enclosure; any person violating the provisions of this section shall be deemed the author of a nuisance, and, on conviction thereof, shall be subject to a fine of not less than five dollars nor more than fifty dollars for each offense, and shall be subject to a like fine for each day he or they shall neglect or refuse to abate such nuisance, after the first conviction.

Holds Ordinance Prohibitive

Magistrate Sheller, in rendering his finding of "not guilty" held that the ordinance in its lack of interpretation of the word "keep" is prohibitive. He held that a reasonable interpretation of that detail is essential, and under such liberal interpretation he held that the city had introduced no evidence to show that the defendant had "kept" any hog, pig or goat in the sale pavilion in violation of the ordinance.

To Confine Improvement

Naturally officials and stockholders in the Rock River Valley Breeders Sales Association are jubilant in the outcome of the controversy which started when some objection was made to the enlargement of their plant situated in De mentown by the erection of a stable to the rear of the present pavilion, which has been found inadequate.

Accordingly the construction of the new building, which will be across the alley at the rear of the pavilion and which will face Nachusa avenue, will be hurried. The new building is to be substantially built, with Kellastone finish, with entrance for stock on the alley and an ornamental entrance for people on Nachusa avenue. The floor is to be of concrete on cinders, and the company will have a man at work about the premises at all times, keeping them scrupulously clean.

A number of sales have already been booked for the pavilion and the officials expect it to be a very busy place during the winter and spring months.

CLOTURE RULE WILL BE ASKED FOR IN SENATE

Administration Leaders Charge Filibuster is in Progress.

By Associated Press Leased Wire
Washington, Nov. 12.—A movement to limit senate debate on the peace treaty by invoking the cloture rule was inaugurated today by democratic leaders. A petition for cloture, requiring 16 signatures for submission, was circulated by the administration leaders and soon had more than double the necessary number.

Some republican leaders said they would support the democratic cloture proposal, which had been circulated after consultation between leaders of both parties.

The irreconcilable foes of the treaty again took charge of debate today. Senator Reed, democrat, Missouri, continued his attack on the administration's foreign policy.

The petition said that in the opinion of the signers there was an effort to obstruct treaty by undue debate and asked that the cloture rule limiting each speaker's time to one hour be invoked.

When the petition would be presented was not determined by the administration leaders.

Adoption of cloture requires a two-thirds vote.

It was explained that the cloture proposal if presented today, could not come to a vote before next Friday, being required under the rules to lie over for two days.

The cloture movement followed charges that a filibuster had been organized by the treaty's irreconcilable foes, seeking to prevent final action at this session.

Senator Reed, democrat, Missouri, resumed his attack on the treaty when the senate convened. He proceeded slowly, making long pauses at times to sort over the stack of papers on his desk.

It was understood that Senator La Follette, republican, Wisconsin, expected to follow Senator Reed.

Miss Irene Streuver entertained last evening with a beefsteak fry.

SEN. MARTIN, LEADER OF DEMOCRATS, DIED AT HIS HOME TODAY

Served on Important Committees During Recent Conflict.

By Associated Press Leased Wire
Charlottesville, Va., Nov. 12.—Senator Thomas S. Martin, the democratic leader in the senate, died here today after an illness of several months. He was 72 years old.

Thomas Staples Martin, United States Senator from Virginia, until his election in 1894 had been a railroad attorney from a small town, who had never before sought a public office. When it was found that the state legislature had chosen him in preference to one of Virginia's most popular and able citizens, the late Major General Fitzhugh Lee, there was a storm of protest among the Democrats of the "Old Dominion."

Martin braved the opposition, however, and on March 4, 1895, took his seat. His ability was soon discovered and

from the date of his advent into national politics he served continuously in the senate, rising to the floor leadership of his party and chairmanship of the important Appropriations committee. He served in that capacity during the war congress, where he was regarded as one of the leading figures in the senate.

Served in Rebel Army.

After a primary education in the Scottsville school, Martin entered the Virginia Military Institute in March, 1864. When the cadet battalion of the institute was mustered into the Confederate Army for the battle of New Market, Cadet Martin was ill in a hospital and missed the encounter, but upon his recovery he rejoined his battalion and served until the end of the war.

In 1883 he was persuaded by his associates to enter the senatorial race and after a bitter fight, was elected by the assembly over General Lee. For reelection in 1901 Senator Martin defeated Gov. T. Hoge Tyler, another strong opponent. In 1904 the Democratic organization adopted the "primary plan" for election of governor and senators.

This developed an eloquent and popular opponent in Gov. A. J. Montague and even Senator Martin's friends were doubtful of the outcome as his ability as a debater and public speaker were unknown. Senator Martin "stumped" the state and achieved his third victory.

On Oct. 10, 1894, he married Lucy Chambliss Day, daughter of Col. C. Fenton Day, of Smithfield, Va. Two children were born to them.

MINERS TO MEET MINE OPERATORS FOR NEGOTIATION

Union and Operator Heads Accept Sec. Wilson Proposal.

By Associated Press Leased Wire
Washington, D. C., Nov. 12.—Thomas T. Brewster chairman of the coal operators' scale committee announced today that the mine owners had accepted Secretary Wilson's invitation to meet representatives of the miners here Friday to negotiate a new wage agreement.

"We will be there," said he. John L. Lewis, acting president of the United Mine Workers of America, already had notified Secretary Wilson of his acceptance, meanwhile declining an offer from Brewster to meet the latter's committee here Monday to negotiate "a contract to be in force upon the termination of the contract now in effect."

Spokesmen for the miners said today this proposition could not be considered for a moment and that the only way to bring peace to the coal fields was through adoption of a pay scale to take effect immediately.

Lewis' Acceptance.

Mr. Lewis' telegram accepting Secretary Wilson's invitation was made public today by the secretary. It follows:

"Your telegram inviting scale committee central competitive field, and representatives of all bituminous districts involved in strike, to meet with you next Friday, at Washington, is received. Your message was submitted to our conference now in session in Indianapolis, and I am authorized to say representatives of mine workers will be present on that date."

GO TO CONFERENCE.

By Associated Press Leased Wire
Indianapolis, Ind., Nov. 12.—The outstanding points of interest in the coal mining situation today, were the reception by the members of the United Mine Workers of America of the order of their chiefs calling off the strike, and the probable outcome of the conference of miners' representatives and operators with Secretary of Labor W. B. Wilson in Washington Friday.

Reports on the number of men returning to work were slow in reaching international headquarters of the Mine Workers here, chiefly because the order rescinding the strike call of Oct. 15, had not yet been received in many districts.

Officials of the unions, members of the scale committee and executive board, and district presidents who will attend the negotiation conference Friday, were resting here today after their arduous sessions of Monday and yesterday, and probably will not start for Washington before late tonight or early tomorrow morning.

MAY DISPUTE ORDER.

By Associated Press Leased Wire
Chicago, Ill., Nov. 12.—Resumption of work in the country's bituminous coal mines today was expected to be extensive but not on a scale that would permit anything like normal production according to statements of United Mine Workers of America leaders and coal mine operators. In some sections the miners were expected to dispute the authority of the order issued yesterday by John L. Lewis, acting miners' union president, recalling the strike order in keeping with the direction of a federal

FRANKLIN GROVE IN CELEBRATION TUES.

Armistice Day was celebrated in Franklin Grove with a program in the high school and a band concert on Main street. In the high school assembly room the pupils of high school, grades and primary rooms were gathered to listen to addresses by Rev. Warren Hutchinson, pastor of the Methodist church, Rev. O. D. Buck, of the Brethren church and Willis Reagle, a lay representative of the Presbyterian church. At a quarter to 11 o'clock the children arose and faced the east as Rev. HOOVER TELLS POLES FOREIGN "REDS" MAY CLOSE DOORS OF U. S.

Says Americans Grow Impatient with Foreign Agitators.

By Associated Press Leased Wire
Buffalo, N. Y., Nov. 12.—The American people are growing impatient with foreign agitators and unless their attitude changes, the door that has always been open to Europe may be shut, Herbert Hoover declared here today in an address at the convention of Americans of Polish ancestry.

Mr. Hoover outlined the progress of the Polish people resulting from the establishment of free government; told the audience what they could do to maintain the New Polish Republic and reminded them of their duties to the country of their adoption.

May Close Open Doors

"Many foolish ideas are being circulated among the foreign born population of the United States," Mr. Hoover continued. "Many of these foreign born are interesting themselves in the destruction of our primary institutions and defiance of our laws. The American people are fast losing patience with this attitude. It may develop out of this 'open door' towards Europe will be, in a large measure, closed. But worse than this, there may develop out of it a foreign language in the United States. It creates prejudices against extending aid to those countries in Europe from which our foreign born populations spring."

After paying tribute to Kosciuszko and Pulaski for their aid in the American revolution, and Padewski for his work in erecting the New Polish state from the wreckage of "a total state of anarchy," Mr. Hoover continued:

U. S. Has Paid Debt

"I am proud that the United States could have had, through her organized representatives in Poland, a material part in the making of this great miracle. I am proud to have been appointed by the American government to direct this service. American assistance was given to Poland in ships, in opening the route to the sea through Danzig, in railway material and skill, in fighting famine and typhus, in financial assistance to the government, in charity to the poor. Beyond this, devoted and disinterested Americans have participated in the building of her economic and political government. This service marks the final repayment of a debt of the American people of 150 years standing."

\$1,500 FIRE AT DIXON FACTORY EARLY THIS A. M.

Valuable Silverware, Etc., Destroyed at Reynolds Mill.

A blaze which is believed to have started from spontaneous combustion in packing material caused damage to the extent of about \$1500 this morning at 3 o'clock at the east end drawing mill of the Reynolds Wire company. The fire was confined to a room in the cupola, in which valuable clothing, books, china and silverware belonging to Mrs. John Ralston had been stored.

The blaze was discovered by the watchman at the plant and when the department arrived upon the scene they found that it had gained considerable headway. Material in which the articles were wrapped fed the flames and the firemen worked for two hours before they had extinguished the blaze. Costly silverware was melted into various sized and shaped masses and valuable books, articles of clothing, costly china were completely destroyed by the flames.

For a time the fire threatened to break out into the plant and the firemen were obliged to pull long lines of hose up the several flights of stairs to the cupola to combat the flames. The damage to the personal effects of Mrs. Ralston is estimated to be about \$1,000 with about \$500 damage to the building.

The room in which the articles were stored had not been opened since last Saturday and Chief Coffey announced this morning that he believed the blaze started from a spontaneous combustion. The loss is covered by insurance.

REDS MURDER 4 EX-SOLDIERS IN WESTERN PARADE

Heroes Shot Down—I. W. W. Leader Lynched By Mob.

By Associated Press Leased Wire
Centralla, Wash., Nov. 12.—National guardsmen are patrolling Centralla today where yesterday four members of the American Legion met death during an Armistice Day celebration when men said to be members of the Industrial Workers of the World fired on the paraders. Seventeen alleged Industrial Workers are in jail. The secretary of the Industrial Workers Union, "Briek" Smith, was hanged by unidentified men and his body riddled with bullets last night.

Smith's body, which was hanging from a bridge after two undertakers refused to handle it, had disappeared this morning and it was said the rope had been cut allowing the body to drop into the river.

Handbills were posted by Centralla authorities in all parts of the city asking residents to report any knowledge of the shooting or of any I. W. W. they may have.

By Associated Press Leased Wire
Centralla, Wash., Nov. 12.—State troops today patrolled this city where during an Armistice Day celebration yesterday 4 members of the American Legion were shot and killed and 5 wounded by men said to be members of the Industrial Workers of the World and where Britt Smith, secretary of the local branch of the Industrial Workers was hanged by a mob.

Say Attack Was Planned

The reason for the attack, which came as the head of the parade swung past I. W. W. headquarters, today had not been developed fully, but Herman Allen, an attorney and member of a committee of former service men and others co-operating with the authorities in an investigation, said evidence had been obtained that it was premeditated.

Drive Radicals Out

Citizens today planned to drive all radicals from Centralla where they have been increasing for some time. Centralla was headquarters for Lewis county, Industrial Workers operating from here into the logging camps and other industrial pursuits of this section. American Legion members expressed determination that every I. W. W. must leave the city.

One of the twenty men arrested yesterday and last night in the sweeping search for I. W. W. following the attack was said to have confessed plans were made months ago to "get" Warren Grimm and Arthur McElfresh, two of those killed, and William Schales, and Captain David Livingston. The four had been active in suppressing radical activities in this community.

Without warning bursts of rifle fire swept the ranks of marching overseas veterans as they paraded past I. W. W. headquarters. Persons in the crowds that lined the street to honor the returned heroes also pulled weapons and began firing.

Men Shot Down

Grimm, leading a company of men, dropped mortally wounded. McElfresh, marching in the ranks, was killed instantly. Ben Casagrande died later from his wounds.

John Earl Watt, George Stevens, Jacob Philtzer, Christ Coleman and E. E. Banks also fell wounded, the first named probably fatally. Stevens was shot when he attempted to disarm an I. W. W. standing on the street.

The fourth death of a parader was added when Dale Hubbard, recently returned overseas man, gathered a small band and started after the I. W. W. secretary, Hubbard and the fugitive grappled after a chase in which Smith fired repeatedly at his pursuers. As they clinched Hubbard received four wounds in the body.

Another pursuer overpowered Smith and he was taken to jail later to be removed and hanged after citizens learned that four of the former soldiers had died. An attempt to lynch Smith was made before he was lodged in the jail.

"You fellows can't hang me," he said. "I was sent to do my duty and I did it."

Lynched in the Dark.

Smith was tossed from a bridge over the Chehalis river after a rope was tied about his neck and a volley of bullets sent into his body. The lynching party worked silently and in darkness while taking his body from the jail. At 7:30 (Continued on Page 4.)

Washington, D. C., Nov. 12.—During the week beginning Dec. 1, it was announced today by the bureau of internal revenue, a series of conferences will be held between bureau officials and the manufacturers of certain alcoholic preparations to devise means to make unfit for beverage purpose such of them as cannot be legally manufactured if found suitable for drinking.

confident of himself and says his friends will have no reason to be ashamed of his showing against his heavier and scientific opponent. Several good preliminaries will be on the card of the evening's entertainment.

A letter received from Charles Connelly of Jamestown, N. Y., manager of Keve, is to the effect that his man will arrive here tomorrow to rest for his leg, and adds that he won his match at Grand Rapids, Mich., on the fifth, defeating his man in straight falls in 13 and 7 minutes. Alongway to meet James Rogers as Oswego, N. Y. for the heavy-weight Graeco-Roman championship. Domer is in fine condition. He is doing a great deal of road work daily.

DON'T RISK NEGLECT.

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. A Dixon case.

Mrs. E. Bott, 811 College Ave., says: "My advanced age probably had as much to do with my kidneys being disordered as anything else. I had kidney trouble a long time before I knew it. The chief symptoms were backache and severe pains across my kidneys. It was often very hard for me to get up or down. I got Doan's Kidney Pills at Prescott & Schildberg's drug store and one box rid me of the backache and built up my whole system." (Statement given April 15, 1909.)

On April 28, 1917 Mrs. Bott said: "Since I last recommended Doan's Kidney Pills they have always proven beneficial when I have had need to use them. I am glad to again endorse Doan's."

The celebration was featured by a general suspension of business and work during the afternoon, a big banquet for the guests of honor at 5 o'clock, and a fine meeting and dance at the opera house in the evening. Several musical numbers and addresses by Attorney Harry Warner of Dixon and Capt. Thos. Murray of DeKalb, a veteran of the Spanish American and World wars, were features of the evening meeting.

ALL-STATE TEAM BATTLES MICHIGAN

The state of Illinois can raise its own football players, thank you. Every mother's son of the Illini team which will meet Michigan next Saturday, Nov. 15, at Champaign-Urbana, is a native of Illinois. And everyone of the substitutes—sixteen of 'em—is also a Sucker. That's different from Michigan which not only has to call on Ohio and Indiana for recruits but also comes over to Illinois and grabs three native sons. One of them is "Jerry" Dunne, son of former Governor Dunne, who plays left end for the Wolverines. Billy Fortune of Springfield is another Illinoisan on the Yost team while Earl Magrath of Oak Park is the third.

The residents of Illinois, who are going to gather for "State Day" at the state university, are going to back the corn-fed boys to repulse the invaders from Michigan, even if the visitors bring three Illinois boys along with them.

All indications point to a huge throng on Illinois field next Saturday. Many enthusiasts from this section have made their plans to attend. There will be many special cars and automobile parties, providing the roads permit.

With seating accommodations for 15,000 persons, it is announced that even last-minute rooters can be sure of a good location for the big battle. However, seats may be reserved by mail order from the Gymnasium at Urbana.

Mrs. Frank C. Hogert, Mrs. Addison Keeler, Mrs. Ruth Matthews, and Mrs. Frank Petticrew were among Tuesday's shoppers from Amboy.

Say General Strike is Planned By Hotel 'Reds'

By Associated Press Leased Wire
New York, Nov. 12.—Danger of a general strike of hotel employees, with its ultimate object the "taking over" of hotel properties, was discussed today at the 34th annual convention of the New York State Hotel Association. Assertion that Dec. 20, had been decided upon by radical leaders as the date for such a strike, was made by Frank Boland, attorney for the association. Advocating a "house cleaning" while the opportunity is at hand, Mr. Boland urged hotel men to "take faithful employees into your confidence and do not be caught off guard."

Mrs. C. J. Rosbrook and Mrs. E. B. Owens went to Chicago today.

GETS 28 EGGS A DAY NOW, FROM 34 HENS

Chas. C. White, Well-Known Breeder, Tells How. Costs Nothing to Try.

"I gave Don Sung to 34 utility Buff Orpingtons and the egg yield increased from 7 to 28 a day. Don Sung is a wonder and I am now giving it to all my hens regularly."—Chas. C. White, Manager Cherry Hill Farm, Flackville, Ind. Mr. White is the well known breeder and exhibitor. He wrote the above letter in December, after his test had shown a gain of 21 eggs a day from 34 hens. We will make you the same offer we made him. Here it is:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

"ATHLETIC MEET"

A laughable farce from beginning to end, the "Athletic Meet," at the Presbyterian church last evening between Chicago, Northwestern, and Illinois Universities, and Oberlin College drew a large crowd. Mrs. C. E. Smith served as athletic director; Miss Florence Raymond as assistant director and starter in the different events; Miss Lillian Morris as score keeper, and Messdames Mark Keller, Frank Stephan and George Dixon as judges. Oberlin won by a number of points. The events were a chariot race, running high jump, lobster race, putting match, 100-yard dash, 50-yard dash, half mile race, newspaper race, relay race, and apple race, each of course a ridiculous caricature of the named event. The four corners of the church dining room were decorated, each with pennants and colors of the respective schools. Frappe and waters were served as refreshments. The affair was given under the auspices of the Woman's Auxiliary of the church.

ARMISTICE DAY IN SCHOOLS

On the North Side a similar program was given in the afternoon, with Mr. Der Kinderen, Lieut. Downing and Superintendent of Schools Reader as the speakers, and with Mr. Rice singing. There was also chorus singing.

The grades in general had programs, with flag salutes and other appropriate features.

There was a bouquet of beautiful chrysanthemums given by the Methodist Ladies' Aid, eggs, butter, fruit, candy, and ever so many good things, besides postcards from out-of-town friends. It was as great a pleasure for Mrs. Dunn's friends to give as it was for her to receive as Mrs. Dunn has always been one of those kindly souls who are willing to do what they can for others.

M'KENZIE FINDS SIGNS OF GRAFT IN CAMP GRANT

Workmen Tell Congressional Committee of Practices.

By Associated Press Leased Wire
Rockford, Ill., Nov. 12.—Evidence purporting to show that over \$4,500,000 was expended needlessly in building Camp Grant and disclosures of alleged graft among workmen at the cantonment enlivened the morning session of the sub-congressional committee investigating the cost of the camp.

Three men testified this morning that they and other workmen were mulcted by dishonest foremen and straw bosses. One man testified that the boss of a certain gang collected \$2 from each of his men for permitting them to earn overtime wages on Sunday.

Two teamsters alleged that a Rockford expressman who claimed to have the exclusive contract for supplying teams to the camp contractors collected \$2.20 a day for each of the 200 teams employed at Camp Grant for a period of nearly four weeks.

Interesting figures concerning the actual cost of the cost of the camp which approximately was \$13,500,000 and the price the government might have built the cantonment upon a lump sum basis were given on the stand by J. P. O'Connor, a contractor of Chicago. O'Connor was retained by the sub-committee to make a survey of Camp Grant and prepare an estimate of the reasonable cost of construction, based upon prices and conditions which prevailed in 1917.

The witness testified that the cantonment could have been built for \$8,819,544, as compared with the actual cost, which, as far as it has been tabulated, totals \$12,851,269.72 and which according to government experts there is nearly \$1,000,000 yet to be added.

court order. The statement of Duncan McDonald, president of the Illinois Federation of Labor, that "if the position of the government is to be taken as a precedent, there is no such thing as freedom of contract and the entire issue might as well be fought out now," also was interpreted as being the sentiment of many of the approximately 425,000 men who went on strike nearly two weeks ago.

Insurgents Make Trouble.

The situation in the Illinois fields was complicated further by the possibility of insurgents who caused trouble last summer renewing their activities, according to the union men. In Kansas, where 10,000 men normally are employed, unrest was said to prevail and it was doubtful if that state, already feeling a fuel shortage, would see a very

THE ULTIMATE SUFFERER

The English traveler who told his
countrymen that Americans were "just
tiresome middle class, and nothing else,"
might change his views to a degree if he
came over with his note book and visit-
ed us now. That one class has experi-
enced subdivision or scission somewhat
after the manner of reproduction of uni-
cellular organisms.

We have our three classes today, each
more or less conscious of itself, each
consciously or unconsciously developing
a loyalty of its own, two of them pack-
ing a wallop for each other and landing
on the class in between.

A writer in the Saturday Evening
Post calls this fellow in the middle by the
old name of Ultimate Consumer. We
think a better term would be Ultimate
Sufferer. He is the one who takes the
burden when the class above passes the
income and corporation taxes on
and the class below boosts the prices of
potatoes and wool and coal. He pays
for that premium when the war depart-
ment declines to make a contract for
spruce lumber at one hundred dollars a
thousand feet and insists on making the
price one hundred and fifty. When
farmers and wage earners from a com-
bination on the basis of a "community
interest in production" there is only one
class left to feed on. When freight rates
go up so that capital and labor "may
equally share" somebody is nipped, and
it isn't either capital or labor.

The remaining members of the "mid-
dle class, and they number some mil-
lions, are perhaps not so 'tiresome' as
when the distinguished Englishman
wrote his book. They are getting quite
proficient about what they say concern-
ing profiteers. There's no stupid good
nature in them when they discuss their
position in the great squeeze play now
progressing. Reduction from a place
in life where responsibilities could be
met, families raised and educated, debts
paid promptly and savings put aside
with regularity to a place next door to
penury may make a class "tired," but
not "tiresome."

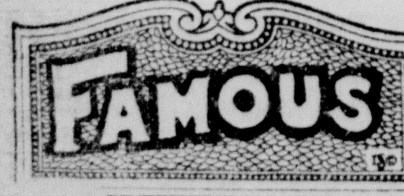

The writer in the Post is convinced
that his Ultimate Consumer is going to
make himself felt around the politi-
cal pot of 1920, now warming up. We
shouldn't wonder. It is to be observed
at Washington that in the same time
governmental power is being exercised
in subduing a set of labor union leaders
who have gone some steps farther than
good judgment suggests the govern-
ment take pains to prevent a possible
shortage being capitalized into unholy
dollars.

It is the business of people in Wash-
ington—particularly when a national
election approaches—to put their ears to
the ground and listen with their best
faculties.

The ending of the cold strike came
just when Jack Frost was about to de-
liver a body blow.

DISTILLERS ASK
CHANCE TO SELL
LIQUOR STOCKAsk Chicago Federal
Court for Injunction
Today.

By Associated Press Leased Wire
Chicago, Nov. 12.—Argument of counsel
for an injunction to restrain the
government from interfering with dis-
tillers and wholesale liquor dealers who
desire to dispose of their stocks of
whiskey before constitutional prohibi-
tion becomes effective January 16, 1920,
were heard today by Federal Judge Car-
penter and Fitzhenry. Suits for the re-
sistance of restraining orders filed simul-
taneously in Chicago and Peoria, Ill.,
were combined in today's hearing to ex-
pedite a decision.

In Chicago the suit was brought by
Hannah & Hogg while in Peoria the po-
sition was filed in behalf of Woolner &
Co.

Attorney Levy Mayer who appeared
for the petitioners said the suits were
brought to test the validity of the war
time prohibition law. He argued that
the measure was unconstitutional and that
its enforcement by the government
should be suspended to permit distillers
and dealers to sell their large stocks be-
fore the advent of constitutional probi-
tion next January.

TILT PROVIDENCE LID

By Associated Press Leased Wire
Providence, R. I., Nov. 12.—Judge Ar-
thur L. Brown in the federal district
court today, issued a temporary injunc-
tion against Harvey A. Becker, United
States attorney and George F. Shaun-
essy, collector of internal revenue, re-
straining them from enforcing the pro-
visions of the war time prohibition
act. The injunction was issued upon
the petition of the Narragansett Brew-
ing Co.

The sale of 4 per cent beer was im-
mediately resumed by Providence liquor
dealers.

The court in handing down its decision
said:

"In view of the probability that the
act in question will ultimately be held
unconstitutional and of the irreparable
damage that would result from its im-
mediate enforcement, an das, in view
of the evidence afforded by the presi-
dential proclamations and other cir-
cumstances its immediate enforcement
is not imperative. I am convinced that
the plaintiff's right to a preliminary in-
junction is clear."

The decree will be entered tomorrow
when it will become effective.

The opinion is the first construction
of the Volstead prohibition enforce-
ment act handed down by any court
in the country. While nominally it re-
strains the federal officials in this juris-
diction from enforcing title 1 of that
act against the Narragansett Brewing
Co., it virtually states the belief of the
court that the entire war time probi-
tion act is unconstitutional and can-
not be enforced.

KENTUCKY COURT MAY ACT.

By Associated Press Leased Wire
Louisville, Ky., Nov. 12.—Federal
Judge Walter Evans in open court de-
clared today he is "firmly of the op-
inion" war-time prohibition is uncon-
stitutional and indicated a disposition to
enjoin Elwood Hamilton, collector of
internal revenue for Kentucky from in-
terfering with the sale of about 1,000,
000 gallons of tax-paid whiskey known
as "floor stock."

FORMER GERMAN
NAVY MINISTER
ON U-BOAT WARVon Capelle Tells Com-
mittee Why More
Were Not Built.

By Associated Press Leased Wire

Berlin, Tuesday, Nov. 11.—Vice Ad-
miral Eduard von Capelle, former min-
ister of the navy, was bombarded with
questions today as to why more sub-
marines were not built so as to have
made the submarine campaign success-
ful.

Hecklers at the national assembly
sub-committee's investigation into the
war, having failed to get much infor-
mation as to why the submarine cam-
paign was not avoided, changed their
tactics to questioning the former min-
ister of the navy on submarine con-
struction.

The admiral replied succinctly, in an
endeavor to show why submarine con-
struction was retarded in 1916, and why
it jumped enormously in 1917 and
1918.

A summary of his contribution to
U-boat construction was read by von
Capelle at the start of the session.

Forty U-Boats Built.

"Eight hundred and ten submarines
were built before and during the war,"
said the former minister of the navy.
"Of these 45 were constructed before
the war, 186 were built during the ad-
ministration of Admiral von Tirpitz
and 579 were built by me in the two and
a half years I was in office."

"I took office in April, 1916, and in
the nine months remaining in that year
I ordered built 96 U-boats. In 1917 I
ordered 269; and in the nine months I
was in office in 1918, I ordered 220."

"Why was there such a discrepancy
between 1916 and the two following
years?" demanded Herr Gotheim.

Von Capelle replied sharply:

Reichstag Opposed.

"There are a number of reasons why
so small a number was ordered in 1916
—first, the Reichstag took an over-
whelming stand against the submarine,
and I could not start to build, because
I saw myself in opposition to the gov-
ernment; second, I had been out of the
naval service and was unaware of the
technical improvements in U-boat build-
ing and had to give intimate study to
the subject; and third, the Skagerrak
battle caused serious damages to our
boats. Their repair held up the con-
struction of other boats."

Germany had decided to live up to in-
ternational law and not sink merchant
ships without warning, continued von
Capelle, but he said he thought that
in the fall of 1915 the admiralty had
issued a second order to attack British
ships because England had made the
work of U-boats very difficult by mines
which covered the entire North Sea.

Purpose of Campaign.

Herr Sinsheimer attempted to elicit

the exact purpose of the submarine
campaign against England—whether it
was the intention to crush England or
merely to compel her to agree to a
"usable peace."

Von Capelle replied: "We believed we
could force England to a 'usable
peace' within five months."

"Was the submarine war planned to
make feeding of England impossible
and therefore make impossible the
reaching by England of her goal?" asked
Herr David.

"There was no hope in the navy that
food or ammunition could be kept from
England," replied von Capelle sarca-
stically. "We should have been more
suspicious of England!"

Herr David asked where the expres-
sion "force England to her knees" ori-
ginated and what it meant.

Von Capelle made an evasive reply,
saying: "The expression can be inter-
preted in several ways; I interpreted it
to mean making England pliable and
war tired."

MANY IMPORTANT
QUESTIONS ARE
BEFORE GRANGE

By Associated Press Leased Wire

Grand Rapids, Mich., Nov. 12.—A
number of important questions concern-
ing not only farmers but all consumers
of their products were before the Na-
tional Grange for consideration when the
53rd annual convention opened here to-
day. Among the subjects to be brought
before the convention, which continues
10 days, are the labor situation, specu-
lation in foodstuffs, railroad control, dis-
tribution extension of the rural free de-
livery and the immigration laws.

A "better deal" is to be demanded for
the farmer, some of the officers asserted.
A plan for fixing the price of farm
products closely following the "cost
plus" system employed by the govern-
ment in war contracts has been outlined
for presentation to the convention.

Sixty-five delegates representing 809,
000 farmers in thirty-three states, and
3000 visitors are here for the meeting.
The opening sessions were taken up by
the annual address of Oliver Wilson of
Peoria, Ill., national master, reports of
the thirteen officers and the naming of
new committees.

In an informal statement before the
opening of the convention Mr. Wilson
gave an outline of his attitude toward
immigration.

"No man," he said, "who is not will-
ing to learn the English language and
to become a real citizen of the United
States ought to be permitted to remain
here. If he loves his native tongue
and his native land better than ours, we
don't want him."

Degree work will take up a good por-
tion of the week and the sessions will be
secret except when public speakers are
on the program.

A meeting of the Baptist Missionary
society will be held on Thursday after-
noon with Mrs. Philip Kerz, 714 Hen-
nepin Ave.

REDS MURDER 4
EX-SOLDIERS IN
WESTERN PARADE

(Continued from page one.)

o'clock all the little city's electric lights
were cut off and eight men easily over-
came the one man on guard inside the
jail. Smith was placed in one of about
six darkened automobiles that stood
about the jail and rushed to the bridge.

Little was known of Smith. He came
here a short time ago.

Clashes between the I. W. W. and
Centralia citizens have occurred at in-
tervals during the past two years.

Gov. Hart today was on route to the
capital from Cheney, in the eastern part
of the state. He started immediately on

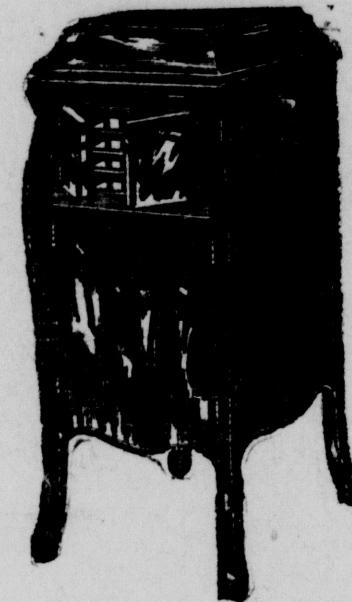

receipt through the Associated Press of
an account of the disorders.

The governor was without other in-
formation regarding the situation early
today and his only statement was:
"There will be no mob rule at Central-
ia."

The request that troops be sent to
Centralia was followed by a cancellation
from the prosecuting attorney, but it
was not in time to halt departure from
Tacoma of a company of 75 state militia
men.

The Centralia police force consists of
only 5 paid members and they were
powerless in the face of the great odds
against them both in combatting the I.
W. W.'s and in defending Smith before
he was hanged.

Nineteen alleged Industrial Work-
ers of the World, were in jail this
morning. The men were rounded up
yesterday and last night after the firing
on the Armistice Day parade.

ONE ON THE PRINCE.

By Associated Press Leased Wire

London, Eng., Nov. 12.—The gorgeous uniforms of the dignified English servants who are always in attendance at all official receptions have been the rocks upon which the pride of more than one foreigner has been wrecked.

The initiated is never sure as he approaches one of these impassive-faced functionaries whether the latter is a field marshal, or a footman. Witness the discomfiture of His Highness, Prince Feisal, son of the King of the Hedjaz, at the great reception in the Guildhall to England's returning hero, Field Marshal Vincent Allenby.

The Arabian Prince, clad in his official robes of Oriental design, was one of the many famous men at the Guildhall. Always punctilious in the extreme, His Highness made his way in-

to the ancient hall, bowing to right and left as he met great soldiers and statesmen of the country. He neared one who, wearing wonderful raiment adorned with yards of heavy gold lace, appeared to be greater than them all. The Prince bowed deeply—to the Lord Mayor's flunkey.

SANDRA THE JEALOUS

By JANE PHELPS.

IRMA BARTON IS MARRIED CHAPTER CXIII

Barrett Edmonds called a few days after I had received Rose's letter. I told him something of what she said, because he had spoken of knowing of the gossip about Walter—and he said:

"I am not surprised. In fact I am only astonished that she has stood it so long. It is common talk that he neglects and abuses her."

"She says she still loves him." "That is what I can't understand. She isn't the only woman in Walter Kemp's life who 'still loves him.' The fellow seems to have a sort of fascination for women which men cannot explain or understand. He is a male vampire."

"Yet she says he is well liked by business men in Chicago, and I know he was here. Everett didn't like him, didn't want me to receive him, yet he spoke highly of Walter's business ability and business principles."

"The man is a Jekyll and Hyde. I am very sorry for your friend. But if she can go home and be contented I should think she would be glad to be rid of him."

"She still loves him," I repeated. Irma Barton was to be married. We had received invitations, and I was to have a lovely new gown for the wedding. I begged for a pale yellow, a love of a gown, but Everett would not allow me to have it. Another blue dress, lighter than a sapphire, was his choice. It was really lovely, and I had to be content.

We sent Mrs. Barton an exquisite lamp which cost a fabulous amount. But Everett laughingly said:

"We shan't have a chance to send her another wedding present and we'll do it up brown."

"How do you know you won't. He may die, and she get married again?" It was in my mind that she wasn't as old as Everett was when he married me.

"Then we will send her the lamp to it," he retorted, flushing a little. I was sure he had read what was in my mind.

I had a wonderful time at the wedding. Barrett Edmonds was there, and Alice Sloan and her husband, besides several other young people. We danced

after the bride and groom left on their honeymoon trip, and I enjoyed myself hugely. The only drawback was that horrid fat Mr. Leveridge who seemed at ways to do something to annoy me.

I had to dance with him, as usual, because of his business affiliation with Everett. And as usual he stepped on my toes, and almost ruined my new silver slippers. I didn't mind that so much as I did what he said. Everett could afford to buy me more slippers, especially as they were spoiled because I was being nice to a business associate of his. But while we were dancing he had remarked in that oily voice which I loathed:

"I suppose your husband is happy now."

"I hope he is," I replied.

"I hear that boy is a fine youngster. He always wanted a son."

"Most men do, don't they?" I asked as innocently as I could.

"Perhaps," then he added coarsely: "but some of us don't have the chance

to marry a young woman to give us one."

I was furious. If it had not been for Everett's repeated warnings that I must not get angry at Mr. Leveridge, that he was rough diamond, etc., I should have told him never to speak to me again. As it was I pleaded that I was tired and cut the dance short. On the way home I told Everett:

"That odious Mr. Leveridge told me again tonight that you only married me so you might have a son, and was disgustingly coarse and common."

"As long as we both know better, why should we let what anyone says make us unhappy?" he returned laying his hand on mine.

GRACE CHURCH ACTIVITIES.

The services on last Sunday were full of good things. In the morning little Miss Cleoda Mae Unangst, the pastor's grand-daughter, sang sweetly and impressively. Rev. Unangst preached an illustrated sermon to the Sunday school scholars on "The Buried Book—the Bible." He showed how most people neglect the good book and there is general ignorance of its contents. Our play, our daily work, the many social functions, the daily and Sunday newspapers, joy-riding, and many other things keep us from Bible study, and the result is that we are ignorant of the highest truth, the truth which is really essential to our eternal happiness.

Deep spirituality characterized the evening service. The pastor preached on "Have ye received the Holy Ghost since ye believed?" The sermon was illustrated with incidents that came directly under the observation of the speaker and at the close the great majority of the hearers expressed a desire to know the deeper things of the Christian life.

The young people of the church have arranged to give a programme at the Colony on Wednesday evening of this week.

We expect a large attendance at the prayer meeting on Thursday evening. The choir will meet immediately after the prayer meeting.

The men of the church will have a prominent part in the service on next Sunday morning. Miss May Adams, an experienced Bible teacher and helper in evangelistic meetings, will address the people on Sunday evening.

Beginning with Sunday, Nov. 23, and continuing till Nov. 30, the pastor will conduct meetings for Bible study, beginning each evening at 7:30. The general subject of the Bible lectures will be, "Light on the Last Days." Bible prophecy will be interpreted in its bearing on the present world situation. These lectures have been given at Hastings, Neb., Terre Haute, Ind., and Highland Park, and Chadwick, Ill., and they were invariably well attended. There is a growing interest in the prophetic teaching of the Bible and we anticipate a time of spiritual blessing at these meetings. The addresses will be delivered in a way that will interest old and young.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, croup, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. Get and try it at all drug-gists. Give it a trial.

Tardy Bowels, inert Liver

They just won't let you put "pep" into your work or play. Sick headache comes from retaining waste matter and impurities in the body.

Feel right for anything—make the liver lively, the bowels function regularly, with Dr. King's New Life Pills. Smoothly yet positively they produce results that cleanse the system and make the liver and bowels respond to the demands of a strong, healthy body. Still 25c.—at all druggists. Try them tonight.

BELCHING Caused by Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from belching, gas, indigestion, flatulence, heartburn, and other stomach troubles. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."

Millions are victims of Acid-Stomach without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Cirrhosis of the liver, intestinal congestion, gastritis, catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.

A sufferer from Catarrh of the Stomach of 15 years' standing writes: "I had catarrh of the stomach for 15 long years and I never found anything to do me any good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.

At all drug stores—a big box for 50c and your money back if you are not satisfied.

Corn Declined Today; Weather; Slow Sales

By Associated Press Leased Wire
Chicago, Nov. 12.—Corn came down in price today, responding to predictions of abnormally low temperature for this season of the year. Besides, there were practically no sales of corn to the east overnight except for deferred shipment. Trade appeared to be rapidly going into the May delivery. Opening quotations, which ranged from 1/2c to 1 1/2c lower, with December at 1.32 1/2 and May 1.25 to 1.25 1/2, were followed by material further declines.

Oats declined with corn. Eastern call was slow. After opening 1/2c to 3/4c off, including December at 71 1/2 to 71 3/4 the market continued to sag.

Weakness of stocks, hogs and foreign pressing effect on provisions. Business in pork was nearly at a standstill.

Weakness of stocks, hogs and foreign exchange together with tightness of money rates counted as bearish factors later. The close was nervous 1 1/2c to 3 1/2c net lower, with December 1.30 1/2 to 1.30 3/4 and May 1.24 1/2 to 1.24 3/4.

NORTH BROS. STOCK CO.

North Bros. Stock Co. gave a splendid performance of the brilliant comedy, "The Happiest Man Alive," at the Dixon opera house last night. The entire company was seen to advantage. The audience showed marked appreciation of the company's efforts and there seems to be a prevailing opinion that this company is far above the average of traveling stock companies. Tonight they will present "Helen Gray, of the U. S. Secret Service."
